Secretary Gary Sherrer
Office of the Secretary of Environment
3800 North Classen Boulevard
Oklahoma City, OK 73118

Dear Secretary Sherrer:

The U.S. Environmental Protection Agency (EPA) announced the proposal of nine new sites to the Superfund National Priorities List (NPL) under Proposed Rule #59. One of these sites, Macmillan Ring Free Oil, Norphlet, Arkansas is located in Region 6.

The EPA also announced the addition of nine new sites to the Superfund National Priorities List (NPL) under Final Rule #57. Two of these sites, Jackpile-Paguate Uranium Mine, Laguna Pueblo, New Mexico and Wilcox Oil Company, Creek County, Oklahoma are located in Region 6.

I have enclosed copies of public information and reference materials related to these Rules. The Rules will be printed in the Federal Register (FR) on or about December 12, 2013. The NPL list will be available on the EPA's Superfund web site at (<http://www.epa.gov/superfund/sites/npl/>). The Superfund web site will be updated no sooner than December 10, 2013, with all of the supporting documentation for this rule. The FR notice can be found on the Government Printing Office web site (www.access.gpo.gov).

If you have any questions regarding this matter please contact me at (214) 665-6701, or have your staff, call Brenda Nixon Cook, Region 6 NPL Coordinator, at (214) 665-7436.

Sincerely yours,

Carl Edlund
Director
Superfund Division
